An event of much interest in college circles will be the wedding tonight of Miss Eva Belle Hogue and Harold Jory at the home of the bride's parents, Mr. and Mrs. S. G. Hogue, 1545 Court street. The ceremony will be performed at 8:15 o'clock by Rev. Carl H. Elliott. Both Miss Hogue and Mr. Jory are graduates of Willamette University, where they were prominent in various college activities. Miss Hogue was secretary of the 1916 class, and a member of the Girls' Glee club. Mr. Jory was a member of the 1915 class, and belonged to the Mens' Glee club. He is the son of Mrs. Emily Jory of South Winter street, and since graduating has been instructor in the science department of the Enterprise high school. Mrs. R. W. Barclay, a sister of the bride, and four children of Mason City, Iowa, and Mr. and Mrs. A. W. Hogue of Seattle are the out of town guests. After a short honeymoon at Seaside, the couple will spend several days in Salem before leaving for their home at Enterprise, Oregon.

The North Salem Woman's club will meet at the home of Mrs. E. F. Fisher, on Market and Fourth streets tomorrow afternoon. A most entertaining program has been planned, Miss Lucile Fargo of Spokane, contributing a contralto solo, Miss Lucile Ross an instrumental solo and Paul Purvine a selection on the violin. Mrs. Edith T. Weathered will also describe her recent trip to Crater Lake, illustrating her talk with drawings.

Madame Schumann-Heink, the great contralto, was the guest of Mr. and Mrs. Isaac Lee Patterson, Sunday afternoon at their country place near Kola. The son of Madame Schumann-Heink, George Washington Schumann, was a classmate of Mr. and Mrs. Patterson's son, Philip, at the Culver Military academy, through which circumstance the family friendship arose. Madame Heink has been looking over the country near Dallas with a view to buying a ranch, at Buell, Oregon, in which case her son would locate there. She left for California last night.

Mrs. Emily Fargo and daughter, Miss Lucile Fargo, of Spokane, Wash., who have been guests at the home of W. P. Fargo on North Church street, will leave about the 25th of August for their home in Spokane. Miss Fargo is librarian at the North Central high school and must be on duty September 4th when the Spokane schools open early, compared with the Salem schools. Complimenting her guests, Mrs. W. P. Fargo entertained at dinner Sunday at her attractive home on North Church street. Covers were laid for eight, including the honor guests and Mr. and Mrs. Fred H. Thompson. A lovely centerpiece of pink and white sweet peas combined with gypsophila adorned the table.

Mrs. W. Connell Dyer left today for an outing at Newport.

Mr. and Mrs. Rineason and M. C. Starr of Portland were guests yesterday of Mr. and Mrs. H. P. Smith, 749 North Liberty street, motoring from Benton county where they had been visiting.

Mr. and Mrs. Asahel Bush, Master Asahel Bush, Mrs. W. H. Boot and W. M. Plimpton were registered at Cloud Cap Inn last week.

Mrs. Edna L. Daily, nurse, who has been acting superintendent at the Portland sanatorium at Milwaukee during the summer, will arrive in Salem the first of September for her vacation of two weeks. Mrs. Daily will spend it largely at Riverside Acres, just south of Salem, where she has purchased one of the plotted tracts and has had it set to fruit trees, berries, and garden truck. Mrs. Daily has been at the sanatorium since early in last December, and this is her first vacation of any length.

Mr. and Mrs. S. L. Minard of Maple Glen farm near Salem are home from a two weeks' sojourn in Coos county. They are very enthusiastic over the wonderful engineering feats which have made possible the new road into that region. It is said to offer scenic displays second to none in the state.

"Food Is Its Own Best Digestant"

"All too frequently, we prescribe medicines for patients who suffer from indigestion, when, as a matter of fact, what they actually need is a simple course of dietetic training, and the proper food-stuffs to train on.

"This is the famous 'reason' for the popularity of Grape-Nuts as an article of diet, viz., that it furnishes this very course of training for the digestion. It not only furnishes the natural diastase for the process of digestion, but it favors a return to normal digestive function because the firm, crisp kernels compel thorough mastication.

"One ought not to leave out of consideration the psychic element—the delicious treat to the palate afforded by a dish of Grape-Nuts and cream."

Battle With Stumps Alarms Portlanders

Portland, Ore., Aug. 22.—Assorted thunders, like the rumble of big and little cannon in the distance, drifted in to Portland this afternoon on a breeze from the northeast.

When the dull pounding had continued for an hour folks got on the telephone and asked police headquarters where the battle was raging.

Visions of "foam-flecked steeds" and "perspiring gunners" faded, however, when investigation disclosed the uproar was caused by a handful of humble sons of toil, conducting extensive blasting operations in a new real estate tract.

When Is Whiskey Drink and When Medicine?

Portland, Ore., Aug. 22.—If whiskey consumed medicinally, goes to the head, can the patient be arrested for driving an automobile while under the influence of medicine?

This interesting question is before the courts of Portland today.

Mrs. C. M. Nye, society woman, was sentenced to five days in jail by Police Judge Langguth for driving her machine while intoxicated.

Mrs. Nye declared she had been ill, had eaten nothing for some time, and drank whiskey as a tonic, whereupon it went to her head. After sentence was pronounced, Mrs. Nye's lawyer immediately gave notice of appeal, and she was released on \$150 bail.

Trouble May Be Only A Mental Delusion

San Francisco, Aug. 22.—A search is being made today for Miss Angela Barnes, an actress noted for her beauty from coast to coast, who was an important witness in the Shaw trials, following telephone calls from here to different friends stating she is being detained and asking for help. Some of these calls were not completed, the young woman apparently hanging up the receiver when seen by her alleged captors, but in a call to her physician, she stated that she was being detained at Eddy and Mason streets.

Thus far, searches in that vicinity have been unavailing. Recently the girl left a hospital, where she had been treated for a nervous breakdown, and the plight she speaks of may be imaginary.

Negro Mammy Has Influence With Girl

San Francisco, Aug. 22.—The real battle for Louise Davis, fourteen year old heiress to a \$100,000 estate to escape being taken to Cincinnati to become the ward of a guardian she has never seen, began in the juvenile court today, following the girl's success in securing a court order restraining probation officers or Cincinnati detectives from taking her away before she has a hearing.

Phillip Hinkle, Cincinnati banker named as the girl's guardian declared through his attorney here today that he blamed the girl's negro "mammy" for the present difficulty. The girl's mother is in New York, and Miss Davis and her colored servant are resisting the effort to take the girl, saying she is well cared for and happy.

HUGHES MAKES FINAL SWING IN CALIFORNIA

Made Fourteen Talks From Rear Platform In Trip Through Valley

By Perry Arnold, (United Press Staff Correspondent.)

Fresno, Cal., Aug. 22.—Swinging back east today on the return lap of his transcontinental tour, Presidential Candidate Charles E. Hughes spread the gospel of a republican protective tariff through the San Joaquin valley in fourteen speeches.

The one here was the only extended address of the day, the other being rear platform speeches lasting only a minute or two. The list of places where he spoke briefly included Porterville, Lindsay, Visalia, Exeter, Kingsburg and Selma.

At Exeter, Governor Hughes spied an old friend in the audience.

"Well, well, my old friend Bishop," he shouted gleefully, as he leaned over the rear rail of his car to shake hands. "This is the first time I've seen you in 26 years."

Some one in the crowd volunteered the information that Exeter was the first town in the United States to ratify Hughes' nomination on June 14.

Hughes was quite hoarse today. After having spoken to about 40,000 persons in his addresses in southern California yesterday, Governor Hughes humorously referred to his hoarseness in his little platform talks today.

At Visalia Hughes declared the issues of the campaign are in part: the maintenance of the national honor, that the American name may be respected everywhere; the maintenance of the rights of American labor and American industry, in order that we may compete with other nations, particularly in the strenuous competition which we will meet after the European war.

His one sentence pledge of service at Kingsburg was: "I tell you, if I am put in a place of great responsibility, the highest place that any one can occupy, I shall devote myself to your service and to the building up of American enterprise."

Republicans Have Split In Nebraska

Chicago, Aug. 22.—That democrats expect to have it all their own way in Nebraska was the information brought to democratic campaign headquarters here today by Arthur Mullen, national democratic committeeman from Nebraska.

"Judge Sutton, the republican candidate for governor of Nebraska, has bolted the railroad plank of the national republican platform," said Mullen.

"By doing this he defies Victor Roosevelt, leader of the Nebraska G. O. P."

"This means a victory for the democrats," he said.

HOW TO BE SLIM

If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to Central Pharmacy or any good druggist, and get a box of Oil of Korean capsules, take one after each meal and one before retiring at night.

Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body.

It costs little, is absolutely harmless and a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.

Governor Asks Wilson to Side With Railroads

Governor Withycombe today forwarded to President Wilson the following telegram urging the desirability of arbitration in the present railway strike crisis:

"Honorable Woodrow Wilson, Washington, D. C.: While the railroads are the property of the stockholders, transportation service is the property of the public. Land grants and franchises were given with that implicit understanding. The American people are committed to and believe in the principle of arbitration and the public welfare demands that this principle be preserved. Where differences between the railroad employees and the managers involve so serious an issue as transportation service to the public and cannot be mutually adjusted the public will and does insist on both sides submitting to arbitration."

"JAMES WITHYCOMBE, Governor of Oregon."

The Lumber Industry of Clackamas County

Reports from 13 of Clackamas county's sawmills, one of which was established January 1, 1916, two on April 1, 1916, and one on June 1, last, will give an idea as to the lumber industry in that county. These 15 mills since January 1, 1916, have run an average of 162 days, and the average daily cut was 170,000 feet or a total of 27,540,000 feet board measure in addition to 2,250,000 shingles.

HOW TO BEAUTIFY A SUMMER SOILED FACE

It's really a simple matter to renovate a face soiled by sun, winds or dirt. Ordinary mercurized wax, used like cold cream, will transform the worst old complexion into one of snowy whiteness and velvety softness. It literally peels off the outer veil of surface skin, but so gently, gradually, there's no discomfort. The worn-out skin comes off, not in patches, but evenly, in tiny particles, leaving no evidence of the treatment. The younger, healthier under skin forming the new complexion, is one of captivating loveliness. One ounce of mercurized wax, to be had at any drug store, is enough to remove any tanned, reddened, pimpled, freckled or blotchy skin. Apply before retiring, washing it off mornings.

Many skins wrinkle easily with every wind that blows, with heat, worry, etc. An excellent wrinkle remover, because it tightens the skin and strengthens relaxed muscles, is a wash lotion made as follows: Powdered salicylate, 1 oz., dissolved in witch hazel, 1/2 pt. This gives immediate results.
